Please ✓ **AND** sign below to indicate you have read and understand all that apply to this Permit Application.

- Permittee shall be responsible for providing hydrant wrench. Under no circumstances will pipe wrenches be allowed. All connections shall be water tight.
- Permittee is responsible for any and all damages to the meter, control valve or fire hydrant.
- During vehicle filling operations, hydrant shall be fully open. Flow is to be maintained by the control valve supplied with the meter.
- Permittee is to ensure that the hydrant and the area around the hydrant are not damaged due to abuse or neglect.
- Permittee will remove all permittee-owned attachments to the hydrant when not in use.
- Meter shall be placed on the ground and will be utilized only with hose provided to connect to hydrant.
- Permittee shall use only the hydrant designated on this permit unless otherwise noted. For new hydrant location, call the Public Works at 970-483-6161.
- A sign supplied by the Town must be displayed at all times when pulling water from a hydrant.
- Permit must be carried by the vehicle / applicant at all times while receiving water from the hydrant.

By my signature affixed hereto, I certify that I have read and examined this application and know the same to be true and correct. I swear that I am authorized by the above listed business to pull bulk water permits as requested on this permit application.
